

# Product Data Sheet

## Z-D-N-Me-Val-OH

|           |                                                 |
|-----------|-------------------------------------------------|
| Cat. No.: | A7724                                           |
| CAS No.:  |                                                 |
| Formula:  | C <sub>14</sub> H <sub>19</sub> NO <sub>4</sub> |
| M.Wt:     | 265.3                                           |
| Synonyms: |                                                 |
| Target:   | Amino Acids & Building Blocks                   |
| Pathway:  | N-Methyl Amino Acids                            |
| Storage:  | Store at -20°C                                  |

## Solvent & Solubility

In Vitro

|                              | Solvent<br>Concentration | Mass | 1mg       | 5mg        | 10mg       |
|------------------------------|--------------------------|------|-----------|------------|------------|
|                              |                          |      |           |            |            |
| Preparing<br>Stock Solutions | 1 mM                     |      | 3.7693 mL | 18.8466 mL | 37.6932 mL |
|                              | 5 mM                     |      | 0.7539 mL | 3.7693 mL  | 7.5386 mL  |
|                              | 10 mM                    |      | 0.3769 mL | 1.8847 mL  | 3.7693 mL  |

Please refer to the solubility information to select the appropriate solvent.

## Biological Activity

Shortsummary

 IC<sub>50</sub> & Target

In Vitro

In Vivo

### Cell Viability Assay

Preparation method:

### Animal experiment

Applications:

**NOT FOR HUMAN, VETERINARY DIAGNOSTIC OR THERAPEUTIC USE.**

*Specific storage and handling information for each product is indicated on the product datasheet. Most APEX BIO products are stable under the recommended conditions. Products are sometimes shipped at a temperature that differs from the recommended storage temperature. Shortterm storage of many products are stable in the short-term at temperatures that differ from that required for long-term storage. We ensure that the product is shipped under conditions that will maintain the quality of the reagents. Upon receipt of the product, follow the storage recommendations on the product data sheet.*
