

## Anti-Trefoil Factor 2 Rabbit Monoclonal Antibody

### Introduction

Inhibits gastrointestinal motility and gastric acid secretion. Could function as a structural component of gastric mucus, possibly by stabilizing glycoproteins in the mucus gel through interactions with carbohydrate side chains.

### Product parameters

|                    |                                                                                                   |
|--------------------|---------------------------------------------------------------------------------------------------|
| Alternative Names  | SML1; SP; Spasmolysin; TFF2; Trefoil factor 2                                                     |
| Gene ID            | 7032                                                                                              |
| Gene Name          | TFF2                                                                                              |
| SwissProt ID       | Q03403                                                                                            |
| Host               | Rabbit                                                                                            |
| Reactivity         | Human                                                                                             |
| Molecular Weight   | Calculated MW: 14 kDa; Observed MW: 14 kDa                                                        |
| Conjugation        | Unconjugated                                                                                      |
| Ex                 | -                                                                                                 |
| Em                 | -                                                                                                 |
| Modification       | Unmodified                                                                                        |
| Clonality          | IgG                                                                                               |
| Isotype            | Monoclonal Antibody                                                                               |
| Clonality No.      | AP-15C3E3                                                                                         |
| Form               | Liquid                                                                                            |
| Concentration      | See label                                                                                         |
| Carrier            | Carrier Free                                                                                      |
| Immunogen          | A synthesized peptide derived from human TFF2                                                     |
| Purification       | Affinity Purified                                                                                 |
| Buffer System      | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Application        | WB                                                                                                |
| Dilution Ratio     | WB: 1/500-1/1000                                                                                  |
| Research Field     | Cell Biology                                                                                      |
| Product Categories | Primary antibody                                                                                  |
| Shipping           | Blue ice                                                                                          |
| Storage            | -20°C                                                                                             |

|                 |                                  |
|-----------------|----------------------------------|
| Expiration Date | 12 months                        |
| Note            | Please avoid freeze-thaw cycles. |

## Protocol

Configure the product according to the application range and recommended dilution ratio.

**\*Note:** The primary antibody dilution buffer options: WB - Primary Antibody Dilution Buffer (Cat. #: K1200, Not for HRP/AP conjugated antibodies), Immunostaining - Immunol Staining Primary Antibody Dilution Solution (Cat. #: K4655).

## Note

1. This product is for scientific research use only.
